All About The Game By:Aliya Lee

Last night on November 21, 2022, The Bangor Middle School basketball team had a tough game against Hartford Huskies. The boys who all played in that game are Amarion Geary, Jonah Luter, Carson Pullins, Isaiah Irvine, Jaret Mccoy, Ismael Rodriguez, Ethan Nielsen, Quinn Dykstra, William Summerhill, Angel Barajas, and Luke Remington . They all did very well, but it was a very tough game.

The Hartford team had some tall players that were trying to outdo some of the Bangor teammates. Bangor started losing control and letting Hartford take the lead by 15 points more than them in the 2nd quarter. After halftime, The boys came back out ready to go, scoring many points that made them catch back up.

I was very proud to see them go back out there with so much effort and encouragement. They worked very hard and came close to winning , but they ran out of time and Hartford won against them with a score of 36-40. The picture below shows some of our players in action.

Hey! Wrestling season is coming up soon and it starts once basketball season is over. I'm excited for it to start, so I can go support my friends. I'm sure it will be interesting to watch as well because all the kids have different weight classes.

The seven skills of wrestling are stance, motion, back step, back arch, lift, level change, and penetration. A wrestling match is about 7 minutes long. The rules are you can not grab clothing, the mat, or headgear during a match. Wrestlers are also not allowed to lock or overlap their hands. Wrestlers may not leave the mat during a match without permission from the referee.

Lets Get To Know Amelina Cecilia Quiroz by:Azariah Jackson

Volleyball

Amelina is a 13 year old Middle School volleyball player. She has been playing volleyball for two years now. She was twelve when she started to play volleyball. She is not the very best, but she can play. Her friend Savannah and Mrs. Coats, a volleyball teacher, taught her how to play. She made a lot of new friends during volleyball season.

Volleyball is not the only sport she plays. Track was another sport she participated in. She doesn't want to be a professional volleyball player, but she is very good at volleyball. She is going to be playing for years, but when high school is over she doesn't want to play. She just wants to play volleyball for our school. When she plays volleyball she feels pressured because her teammates would be mad or she would get yelled at or get put out of the game if she didn't get her serves over or her pass wasn't good. Her only family member that plays volleyball is her cousin.

Her personal life

Outside of school she likes to skate ,hang out with friends, sleep and eat. She has four siblings whose names are Taylor, Santos, Mj, Gabriella. Her favorite two holidays are Halloween and Christmas because of Halloween you can pass out candy and watch scary movies and Christmas because she likes the snow and Christmas movies, presents, baking, sitting with family by the bonfire, and putting up the Christmas tree.

Three places she wants to visit are Italy, Puerto Rico, and Europe. She likes school when it is a half day or something good is going on.

EDUCATION

The Spelling Bee -By Carlos Villalobos

It has begun! We have started the game of memory, challenge, and spelling. We had our very first spelling contest last week and our competitors were amazing and placed first, second and third. They will be going to Lake Michigan College for their second match.

The competition will be very hard for them since their competitors might have been in the spelling bee since they were small. But I believe that we will be able to take the win. Our students who competed were Bellah Gray took third place. Rachel Loomis took second place. They are both in second grade. Our first place winner was Brayden Guy. He is in sixth grade. Wish our spelling bee winners luck at Lake Michigan.

NEWS

Volcano Eruption By: Amarion Geary

On Monday, November 28, 2022, The Mauna Loa Volcano erupted in Hawaii for the first time . "Early morning something felt off," said one of the witnesses. The last time Mauna Loa erupted was in 1984 when its lava reached about 4.5 miles from Hilo, the largest population center on the Big Island.

People are warning humans who want to watch the dual eruptions to be aware of the possible health hazards in the air. People could have died and it's a good thing it isn't that bad of a volcano eruption.

ENTERTAINMENT

What's Going On In Entertainment By: Blanca Cruz

Have you heard of Lily Rose Depp? If you haven't, she is Johnny Depp's daughter and her mother is Vanessa paradis. Her parents are both famous people. Johnny Depp is a famous actor who is known for very popular movies such as Alice in Wonderland, Charlie and the Chocolate Factory, Pirates of the Caribbean , Edward Scissorhands and many more. Her mother is known to be a french singer, model and actor . Her mother models for brands such as Vogue, Chanel, Bazar and many more. She was also a songwriter and by the age of 14 she wrote her own song which grew her fame from there. They

Allegations have been circling around Ireland Baldwin. What a nepo baby is, they say. If you don't know their parents. They are successful models and connections from their parents are.

Do baby. If you don't know their parents are.

The model Ireland Baldwin has a shorter side for modeling, but she had proven herself in a lot of ways".

shorter side for

Ireland Baldwin's parents are also famous and she states in her video how they came from nothing and grew their fame in their own way. These allegations were made after Lily did an interview with elle magazine and how she responded about her being a nepo baby.
